## WHO WE ARE

We are a modern and capable platform networking leading Saudi and International experts, consultants, and investors with comprehensive experiences in various fields.

We innovatively link people's knowledge and experience to business leaders, real-world activities, and relevant governmental bodies to fully and successfully ensure optimum collaboration, genuine problem solving, and realization of rewarding business opportunities. And we exert all our efforts to Saudize industrial and business know-how with maximum integrity and uncompromising ethical conduct.

Our focus, with our Team, Associates, and Partners, is to provide and mobilize insights and services on key areas ranging from evolving business opportunities to operational automation, all the way to introducing the latest technologies to facilities for maximizing profitability, product quality, and customer satisfaction. Our head office is in Al-Jubail Industrial City in the Eastern Province of Saudi Arabia, which is a major spot on the global industrial landscape, attracting top technical and business minds from more than 40 countries.

# CEO MESSAGE

We relentlessly believe in professional team work. Our vision to be on the top rank among industrial drive platforms by 2020 motivates us to collaborate with capable experts and business partners and focus, as a Synergized Team, on providing high-standard and knowledgeable enablement for industries to solve their technical and investment issues and provide them with cutting-edge solutions. If you have an industry or business that needs to be optimized, enriched, or streamlined, we are the right Platform to be approached and we can insightfully help you to eliminate faults and turn the trend of your business performance up again. Likewise, if you are an entrepreneur envisioning to turn dreams into reality, we have the right team of experts

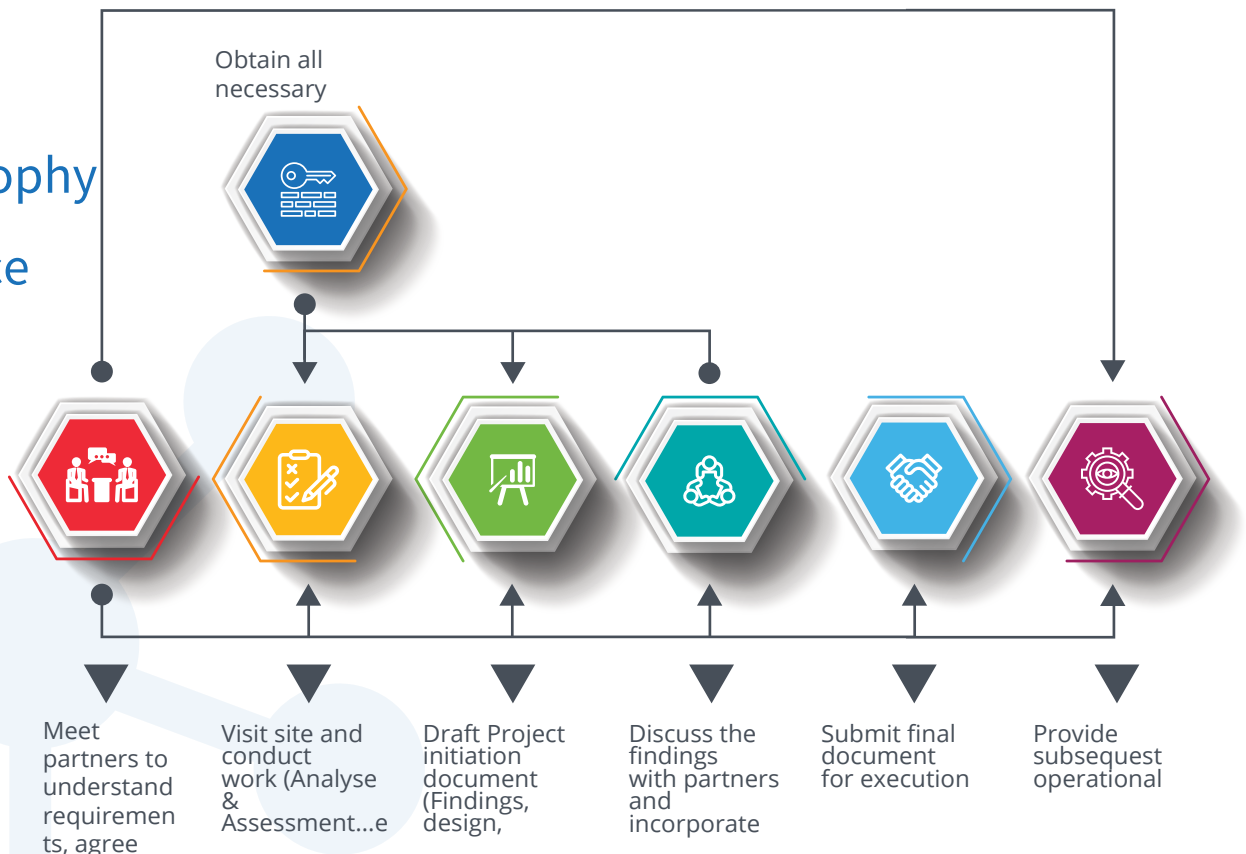

who are most capable to help you to start properly and grow effectively. Hence, we enthusiastically invite you to come forward and join us. You just need to have the right level of motivation, capability, dedication, and willingness to collaborate with us and share with us our success
